The Journey to Gold

The Gold Quality Award Journey has made Quality a way of life for our facility. It has permeated everything we do and we don't always even recognize anymore that we are pursuing quality so diligently, because it is just everyday life for us. Because of this process we continue to enhance and improve quality of life and care for our associates, residents, customers and stakeholders and our community.

Highlights

- **Deficiency Free:** Treutlen Health and Rehabilitation has maintained a five-star rating since December 2008 and zero deficiency surveys for the past 7 years including a Federal Survey.
