ACA Compliant

Why offer ACA Compliant medical plans to your employees?

➤ Employer Mandate

ACA requires employers with 50 or more full-time equivalent employees to offer health coverage to at least 95% of full-time employees and sets a minimum baseline of coverage and affordability. Employers who do not comply face annual penalties.

➤ Employer Penalties

Penalty A: For a large employer that doesn't offer coverage at all: \$2,970 multiplied by 30 less than the total number of full-time employees

◦ *ex: 100 FT Employees | $(100-30) = 70$ | $70 * \$2,970 = \$207,900$*

Penalty B: For a large employer that offers coverage that isn't considered affordable and/or doesn't provide minimum value: \$4,460 multiplied by the number of full-time employees who receive a premium tax credit in the marketplace (but this penalty will not exceed the amount of the other penalty, so that will be used instead if it's less).
