List of Procedures	xix
Chapter 1	
Your Health Care Career	1
What Is Long Term Care?	2
Long Term Care Facilities	2
Why Are People Admitted to Long Term Care Facilities?	3
Who Provides Care in a Long Term Care Facility?	4
Who Pays for Long Term Care?	6
Who Oversees Long Term Care?	6
What Is the Nurse Assistant's Role in Long Term Care?	7
Understanding Job Functions	7
Working With the Nursing Team	9
Factors That Influence Care	10
A Typical Day in a Long Term Care Facility	11
Nurse Assistant Assignments	11
Managing Your Time	12
Promoting Your Own Health	13
Your Health Choices	13
Chapter 2	
Communication and Customer Service	19
How We Communicate Counts	20
Verbal Communication	20
Nonverbal Communication	21
Active Listening	22
Validating Communication	22
Promoting Effective Communication	23
Ending a Conversation	23
Special Communication Needs	23
Hearing-Impaired Residents	24
Visually Impaired Residents	24
Speech-Impaired Residents	25
Cognitively Impaired Residents	25
Residents Who Are Depressed, Anxious, or Discouraged	25

	Residents with Behavioral Problems	26
	Effective Communication When Conflict Occurs	28
	Successful Conflict Resolution	29
	Customer Service	29
	What Customers Expect.....	30
	Providing Excellent Customer Service.....	31
	The Family as Customer	31
	How Residents Perceive Their Care	32
	Customer Service in Difficult Situations	32
	Your Role with Supervisors, Peers, and Others	33
	Blending Customer Service into Daily Care.....	33
Chapter 3	Maintaining Quality of Life.....	39
	Understanding the Resident.....	40
	Psychosocial Development and Quality of Life	40
	How a Resident's History Affects Quality of Life	40
	Understanding the Role of the Family.....	42
	Why Is Family Important?	42
	What Happens to Families When Residents Are Admitted?	42
	Your Relationship with the Family	43
	Involving the Family in Care.....	44
	Communicating Effectively with Family Members	44
	Family Visits	45
	Dignity and Quality of Life.....	45
	Honoring a Resident's Life	46
	Activities and Quality of Life.....	46
	Resident-Centered Care	47
	Communication.....	47
	Autonomy	47
	Respect	47
	Maximizing Capabilities	47
	Safety	47
	Observation.....	48
	Infection Control.....	48
	Time Management.....	48
	How to Use Themes in Your Work.....	48
	Alternative Ways to Provide Care.....	48
	Quality of Life Requirements.....	49
	Quality of Life and Residents' Rights.....	49
Chapter 4	Preventing Infections While Providing Personal Care	53
	What Are Microorganisms and How Do They Cause Infection?.....	54
	The Chain of Infection	54
	The Microorganism	54
	The Reservoir.....	54
	Portal of Exit.....	54

Modes of Transmission	55
Portal of Entry into Host.....	55
Susceptible Host	55
Strategies for Breaking the Chain of Infection.....	55
Standard Precautions	56
Handwashing.....	56
Gloves and Other Personal Protective Equipment	58
Linens.....	62
Environmental Cleaning and Waste Management	62
Equipment Used for Resident Care	63
Preventing Transmission of Bloodborne Pathogens.....	63
Breaking the Chain at the Reservoir Link.....	63
Breaking the Chain at the Mode of Transmission Link.....	63
Breaking the Chain at the Susceptible Host Link	64
Treatment-Resistant Microorganisms	64
Isolation Precautions	65
Transmission-Based Precautions	66
Psychosocial Needs of Residents in Isolation	66
Cleaning, Disinfection, and Sterilization	66
Cleaning	66
Disinfection.....	67
Sterilization	67
Designated Clean and Dirty Areas.....	67
Providing Personal Care	67
Residents' Personal Preferences.....	67
Observation and Determination of Assistance Needs	68
Use of Gloves in Personal Care	68
Common Preparation and Completion Steps	68
Bathing.....	71
Whirlpool Bath	77
Using a Resident's Personal Products	78
Waterless Products.....	78
Shampooing.....	78
Oral Hygiene.....	78
Brushing and Flossing.....	78
Dentures.....	78
Mouth Care for Comatose Residents	78
Grooming.....	78
Shaving.....	82
Facial and Other Hair	84
Hair Care	84
Care of Fingernails	86
Care of Toenails.....	87
Assisting with Dressing and Undressing.....	88
Preparing for an Event.....	88

Chapter 5	Safety and Emergency Care	95
	Protecting Yourself from Bloodborne Infections	96
	Hepatitis B and C	96
	HIV/AIDS	96
	OSHA Bloodborne Pathogens Standard	96
	Nurse Assistant Tasks Involving Exposure to Blood	97
	Sharps Safety Equipment	97
	Wastes Requiring Special Handling	98
	Injury Prevention	98
	Ergonomics	98
	Being Aware Prevents Injuries	98
	Rules for Safety	99
	Body Mechanics	100
	Preventing Resident Falls	102
	Guidelines for Preventing Falls	103
	Devices and Equipment Used to Prevent Falls	103
	Environmental Safety	103
	Wet Floor and Other Hazards	103
	Electrical Safety	104
	Chemical Safety	104
	Disaster Preparedness	105
	Weather-Related Disaster	106
	Fire	108
	Incident Reporting	109
	The Nurse Assistant Role in Emergency Care	109
	What to Do	109
	Heart Attack	109
	Cardiac Arrest	110
	Choking	110
	Seizure	112
	Burns	113
	Hemorrhage	113
	Shock	113
	Managing Your Emotions in an Emergency	113
Chapter 6	Documentation and Core Nursing Skills	119
	Gathering Information	120
	Residents	120
	The Medical Record	120
	Other Means of Communication	121
	Staff, Family, and Friends	121
	Policies and Procedures and Privacy Laws	121
	Assessing the Resident	121
	Resident Care Plan	122
	How to Report Information	122
	Types of Reporting	122

Your Role in Documentation	122
Electronic Documentation.....	123
Guidelines for Documentation.....	123
Common Medical Terms and Abbreviations	124
History and Physical Examination	124
Purpose of the History	124
Collecting the History Data.....	125
Nurse Assistant's Role in the Physical Examination	125
Techniques Used in Physical Examination.....	125
Taking and Recording Vital Signs.....	126
Temperature	126
Pulse Rate	128
Respiratory Rate.....	130
Blood Pressure.....	130
Height and Weight	134
Monitoring Weight	134
Measuring Height.....	135
Admission of Residents	135
Interdisciplinary Approach to Admission	137
How Do You Prepare for the New Resident?	137
Greeting a New Resident	137
Orienting a New Resident.....	138
Creating a Home in a Long Term Care Facility	138
Caring for Residents' Personal Belongings	138
Care of a Resident's Clothes	139
Care of Other Belongings.....	139
Respecting Residents' Privacy.....	139
Daily Routines.....	140
Bed Making	140
Finishing Touches	140
Call System.....	141
Transferring a Resident	141
Interdisciplinary Approach to Resident Transfer.....	141
Preparing for the Transfer	146
The Transfer Process.....	146
Discharging a Resident	146
Interdisciplinary Approach to Resident Discharge.....	146
Helping Residents During the Discharge Process	147
Day of Discharge	147
Chapter 7 Positioning, Moving, and Restorative Care.....	151
How Movement Affects Body Systems	152
Preparing to Move or Position a Resident.....	152
Safety First.....	153
Positioning.....	154
Fowler's Position	162

	Moving a Resident from One Place to Another	162
	Stopping a Fall.....	169
	Restorative Activities	171
	Short- and Long-Term Goals	171
	Cuing, Prompting, and Encouraging.....	172
	Assistive Devices	172
	Prosthetic and Orthotic Devices	173
	Positioning and Seating Devices	173
	Aids for Activities of Daily Living.....	174
	Preventing Equipment-Related Injuries	174
	Exercise.....	174
	How Joints Move	175
	Range-of-Motion Exercises	175
	Guidelines for ROM Exercises.....	176
	Walking with a Resident	182
Chapter 8	Nutrition and Elimination	187
	Assisting with Nutrition.....	188
	Food Service Department	188
	Residents' Food Preferences	188
	Special Diets	188
	Making the Dining Experience Pleasant	189
	Assisting Residents with Meals	190
	Assisting Residents with Dysphagia.....	191
	Observation is Important.....	193
	Dietary Supplements	193
	Food and Fluid Intake	194
	Evaluating Food Intake	194
	Evaluating Fluid Intake	194
	Dehydration	195
	Residents with Feeding Tubes	196
	Assisting with Elimination	196
	Determining Elimination Patterns.....	196
	Promoting Regular Elimination Patterns	197
	Maintaining Residents' Dignity When Helping with Elimination.....	197
	Equipment for Elimination	197
	Problems with Elimination	201
	Collecting Specimens	202
	Urinalysis.....	202
	Stool Specimens.....	203
	Ostomy Care	204
	Types of Ostomy Procedures.....	205
	Providing Care.....	205
Chapter 9	Aging and Chronic Disease Management	211
	Body Systems	212
	Residents and the Aging Process.....	212
	Acute Versus Chronic Problems.....	212

Cancer.....	212
Infection	213
Inflammation.....	213
Whole-Body Responses.....	213
Signs and Symptoms of Infection.....	213
Latent Infections.....	213
Integumentary System.....	214
Structures.....	214
Functions.....	214
Age-Related Changes.....	214
Preventing Skin Problems.....	215
Common Chronic Diseases and Problems of the Integumentary System.....	216
Wound Care.....	218
Musculoskeletal System	218
219	
Structures and Functions	220
Age-Related Changes and Important Observations	220
Common Chronic Diseases and Problems of the Musculoskeletal System	220
Respiratory System	222
Structures.....	222
Functions.....	223
Age-Related Changes and Important Observations	223
Common Chronic Diseases and Problems of the Respiratory System	223
Circulatory System	225
Structures.....	225
Functions.....	226
Age-Related Changes and Important Observations	226
Common Chronic Diseases and Problems of the Circulatory System	227
Digestive System.....	231
Structures.....	231
Functions.....	232
Age-Related Changes and Important Observations	232
Common Chronic Diseases and Problems of the Digestive System.....	232
Urinary System	235
Functions.....	236
Age-Related Changes and Important Observations	236
Common Chronic Diseases and Problems of the Urinary System	236
Nervous System.....	240
Structures.....	240
Functions.....	241
Age-Related Changes and Important Observations	241
Special Senses.....	242
The Eye	242
Structures.....	242
Functions.....	242
Age-Related Changes and Important Observations	242
Common Chronic Diseases and Problems of the Eye.....	243

The Ear.....	244
Structures.....	244
Functions.....	245
Age-Related Changes and Important Observations.....	245
Common Chronic Diseases and Problems of the Ear.....	245
The Other Senses.....	246
Endocrine System.....	246
Structures.....	247
Functions.....	247
Age-Related Changes and Important Observations.....	247
Common Chronic Diseases and Problems of the Endocrine System.....	248
Male Reproductive System.....	249
Structures.....	250
Functions.....	251
Age-Related Changes and Important Observations.....	251
Common Chronic Diseases and Problems of the Male Reproductive System.....	251
Female Reproductive System.....	252
Structures.....	252
Functions.....	252
Age-Related Changes and Important Observations.....	252
Common Chronic Diseases and Problems of the Female Reproductive System.....	253
Sexually Transmitted Diseases.....	253
Common Chronic Diseases and Problems of the Reproductive System.....	253
Chapter 10 Advanced and Specialty Care Environments.....	257
Assisted Living.....	258
Post-Acute Care.....	258
Care of Residents with Diabetes.....	258
Care of Residents Needing Oxygen Therapy.....	258
Administering Oxygen Therapy.....	259
Positioning for Easier Breathing.....	261
Artificial Airway and Mechanical Ventilation.....	262
Care of Residents Receiving Dialysis.....	263
Peritoneal Dialysis.....	263
Hemodialysis.....	264
Alternative Nutrition.....	265
Enteral Nutrition.....	265
Total Parenteral Nutrition.....	266
Hot and Cold Applications.....	267
Heat.....	267
Cold.....	267
Care of Residents Having Surgery.....	267
Preoperative Care.....	267
Postoperative Care.....	269
Care of Residents Who Are Developmentally Disabled.....	270

Care of Residents with Alzheimer’s Disease and Related Disorders	270
Cognitive Impairment and Dementia	270
Stages of Alzheimer’s Disease.....	271
Your Role in Providing Care	271
Techniques for Responding to Behavioral Symptoms	273
Enter a Resident’s Reality	273
Know Your Resident	273
Know Your Resources.....	274
Communicate Effectively	274
Motivate the Resident.....	274
Stop When a Resident Resists Your Care.....	275
Specific Behavioral Symptoms.....	275
Techniques for Activities of Daily Living.....	277
Toileting	277
Hydration.....	277
Eating	277
Dressing	278
Bathing.....	279
Grooming.....	279
Chapter 11 Comfort Care and End of Life	283
Pain Management.....	284
Understanding Pain	284
Level of Pain	284
Reporting Pain Accurately	285
Resident Concerns and Beliefs about Pain.....	285
Pain Treatment.....	286
Promoting Comfort and Sleep.....	286
End of Life	287
Physical Comfort	287
Mental and Emotional Needs.....	288
Spiritual Issues.....	288
Practical Tasks	288
Advance Directives.....	288
Feelings About Dying.....	288
Stages of Grief.....	289
End-of-Life Care.....	289
Hospice	290
Helping Dying Residents Cope with Their Feelings	290
Comfort Measures	291
Helping the Family	292
Religious and Cultural Practices	292
Helping Other Residents Cope with Their Loss	292
Managing Your Own Feelings.....	293
Signs of Approaching Death	293
Physical Care of the Body.....	293

Chapter 12	Ethics, Law, and Regulatory Guidelines	297
	Ethics and the Law in Long Term Care	298
	Ethics in the Workplace	298
	Code of Conduct	298
	Residents' Rights	298
	Right to Exercise One's Rights	299
	Right to Privacy and Confidentiality	299
	Right to Information.....	300
	Right to Choose.....	300
	Right to Notification of Change	301

Index		333

List of Procedures

Procedure 4-1: Handwashing	57
Procedure 4-2: Putting on and Removing Gloves	59
Procedure 4-3: Putting on and Removing a Gown	60
Procedure 4-5: Complete Bed Bath	71
Procedure 4-6: Tub Bath	75
Procedure 4-7: Shower.....	76
Procedure 4-8: Whirlpool Bath	77
Procedure 4-9: Shampoo and Conditioning.....	79
Procedure 4-10: Brushing and Flossing.....	80
Procedure 4-11: Caring for Dentures	81
Procedure 4-12: Mouth Care for Comatose Residents	82
Procedure 4-13: Shaving a Male Resident's Face.....	83
Procedure 4-14: Shaving a Female Resident's Underarms	83
Procedure 4-15: Shaving a Female Resident's Legs	84
Procedure 4-16: Trimming Facial Hair	85
Procedure 4-17: Hair Care	85
Procedure 4-18: Care of Fingernails.....	86
Procedure 4-19: Care of Toenails.....	87
Procedure 4-20: Assistance with Dressing a Dependent Resident.....	88
Procedure 4-20: Assistance with Dressing a Dependent Resident (continued)	89
Procedure 4-21: Assistance with Undressing a Dependent Resident	90
Procedure 5-1: Moving and Lifting a Resident Using Proper Body Mechanics.....	101
Procedure 5-2: Emergency First Aid for Chemical Exposures.....	105
Procedure 5-3: Emergency Transfer Techniques	106
Procedure 5-4: First Aid for Choking.....	111
Procedure 5-5: First Aid for Generalized Seizure	112
Procedure 5-6: First Aid for Burns	114
Procedure 5-7: First Aid for Electrical Burns	114
Procedure 5-8: First Aid for Internal Hemorrhage.....	115
Procedure 5-9: First Aid for External Hemorrhage	115
Procedure 5-10: First Aid for Shock.....	116

Procedure 6-1: Taking an Oral Temperature	128
Procedure 6-2: Taking a Rectal Temperature	129
Procedure 6-3: Taking an Axillary Temperature	131
Procedure 6-4: Taking a Radial Pulse	132
Procedure 6-5: Taking a Respiratory Rate	132
Procedure 6-6: Taking a Blood Pressure	133
Procedure 6-7: Measuring Height and Weight Using an Upright Scale	136
Procedure 6-8: Making an Unoccupied Bed	142
Procedure 7-1: Moving Up in Bed When a Resident Can Help	154
Procedure 7-2: Moving Up in Bed When a Resident is Unable to Help (Two Nurse Assistants)	155
Procedure 7-3: Moving to the Side of the Bed When a Resident Can Help	155
Procedure 7-4: Moving to the Side of the Bed When a Resident is Unable to Help	156
Procedure 7-5: Moving a Resident to the Side of the Bed Using a Draw Sheet (Two Nurse Assistants)	156
Procedure 7-6: Turning a Resident from Supine to Side-Lying for Personal Care	157
Procedure 7-7: Moving a Resident from Supine Position to Sitting	158
Procedure 7-8: Moving a Resident from Sitting to Supine Position	159
Procedure 7-9: Positioning a Resident on Their Back	160
Procedure 7-10: Positioning a Resident on Their Side (Side-Lying Position)	161
Procedure 7-11: Stand-Pivot Transfer	164
Procedure 7-12: Assisted Transfer with an Assistive Device (One Person)	165
Procedure 7-13: Transfer from a Chair to Bed, Commode, or Toilet	166
Procedure 7-14: Moving a Resident with a Mechanical Lift (Two Helpers)	167
Procedure 7-15: Moving a Resident Up in a Chair (Two Helpers)	168
Procedure 7-16: Returning a Resident to Bed Using a Mechanical Lift (Two Helpers)	168
Procedure 7-17: Stopping a Fall	169
Procedure 7-18: Lifting a Resident After a Fall	170
Procedure 7-19: Range-of-Motion Exercises	178
Procedure 7-20: Assisting with Walking	183
Procedure 8-1: Assisting Residents with Meals	191
Procedure 8-2: Guidelines for Feeding Most Residents	192
Procedure 8-3: Helping a Resident Use a Bedpan	198
Procedure 8-4: Helping a Male Resident Use a Urinal	199
Procedure 8-5: Helping a Resident Use a Portable Commode	200
Procedure 8-6: Collecting a Urine Specimen	203
Procedure 8-7: Collecting a Clean-Catch Urine Specimen	204
Procedure 8-8: Collecting a 24-Hour Urine Specimen	205
Procedure 8-9: Testing Urine for Ketones	206
Procedure 8-10: Testing a Stool Specimen for Occult Blood	207

Procedure 9-1: Collecting a Sputum Specimen	226
Procedure 9-2: Applying Elastic Stockings	228
Procedure 9-3: Giving an Enema	234
Procedure 9-4: Applying a Disposable Incontinence Brief.....	235
Procedure 9-5: Urinary Catheter Care	239
Procedure 9-6: Emptying a Catheter Drainage Bag.....	240
Procedure 9-7: Performing a Blood Glucose Test	250
Procedure 10-1: Diabetic Foot Care	259
Procedure 10-2: Administering Oxygen by Nasal Cannula	260
Procedure 10-3: Administering Oxygen by Simple Face Mask	260
Procedure 10-4: Assisting with Diaphragmatic Breathing.....	262
Procedure 10-5: Assisting with Deep Breathing and Coughing.....	263
Procedure 10-6: Assisting with an Incentive Spirometer	264
Procedure 10-7: Shaving the Surgical Site	268
